Software Engineering

✉ swe.ahmed3@gmail.com ☎ 0532035403

📍 Riyadh, Saudi Arabia

Profile

Motivated Software Engineering graduate with a strong focus on Flutter, Laravel, and full-stack development. Skilled in designing and building intuitive, efficient web applications through both front-end and back-end technologies. Ready to apply my technical and problem-solving skills to impactful, real-world projects while continuously learning and improving.

Education

Mustaqbal University

Software Engineering

2021 – 2025

Buraydah, Saudi Arabia

Alredwan HighSchool

Scientific

2017 – 2020

Riyadh, Saudi Arabia

Projects

Your Academic Advisor: AdviseMate

Sep 2024 – Jun 2025

Full-Stack Developer | Laravel, MySQL, JavaScript

- Designed a role-based academic advising platform.
- Enabled students to submit and track tickets, book appointments, and view advisor activity via a personalized dashboard.
- Built advisor tools to manage tickets, update office hour availability, and receive email notifications.
- Implemented supervisor features for full admin control: user management, activity logs, and role-based access.
- Designed a clean, responsive UI and integrated Laravel authentication, Blade templating, and email alerts for efficient academic support.

Skills

Frameworks & Libraries

- **Laravel** (Blade templating, routing, authentication, MVC architecture)
- **Flutter** (for cross-platform mobile development)
- **Bootstrap** (for responsive front-end design)

Tools & Technologies

- **Git** (version control with GitHub/GitLab)
- **Postman** (API testing)
- **XAMPP/WAMP** (local development environments)

Software Engineering Concepts

- Object-Oriented Programming (OOP)
- MVC Design Pattern
- Authentication & Authorization
- Database Design & SQL Querying
- Software Documentation
